	I.1.3 Develop Library student learning outcomes (SLO) that align with Institutional Learning Outcomes (ILOs); identify specific courses that incorporate these SLOs; and develop a collection of methods through which these SLOs can be assessed.	Research Services, Library Faculty	Ongoing	The Library identified five programmatic student learning outcomes (SLOs) aligned with the University's Institutional Learning Outcomes (ILOs). The SLOs were later revised, including the addition of a sixth SLO. Some or all of these SLOs were incorporated into 24 courses across the curriculum from 2013-2017. SLOs have been mapped to the ACRL Framework for Information Literacy for Higher Education.	
	I.1.4 Integrate information literacy into the First Year Writing Program.	Research Services, English and Theatre Department	Ongoing	In Spring 2015 the First-Year Writing Program piloted a new set of programmatic student learning outcomes (SLOs) that were developed collaboratively by three groups of stakeholders: English & Theatre faculty, First-Year Writing instructors, and the First-Year Writing Committee, on which two librarians serve. The piloted outcomes were adopted in Fall 2015. These outcomes include several that the Library directly supports with information literacy instruction. Librarians presented at the First-Year Writing Instructors Workshop in August 2017 and distributed an outreach handout about the Information Literacy Program. In AY17-18, faculty Librarians taught 41 classes in courses with the First-Year Writing (FYW) designation.	
	I.1.5 Collaborate with faculty on community-based, service-related, and experiential learning projects.	Special Collections, Digital Services, Library Faculty, University Faculty	Ongoing	The Library collaborated with the History Department, Lackawanna Historical Society, and Scranton Public Library on the Scranton Family Papers Scanathon (October mith-reen thhhe5(n)-5(u)-4(treach

	I.4.1 Provide equipment and software to support 3D scanning, modeling, and printing.	Reilly Learning Commons, Library Systems, Library Administration, Information Technology	Complete	A 3D printer was installed in the Reilly Learning Commons. A handheld 3D scanner has been purchased. Phase 2: Install software for students to create 3D designs.	
	I.4.2 Investigate tools for better tracking and communications of Library Systems work.	Library Systems	Ongoing	Library Systems resumed having monthly open meetings to address any communication concerns. We did not discover any outside tools which would improve on our Google Doc, but we are anxious to explore several of the tools available in Office 365, once IT permits their use.	

I.5.1 Study patterns of use and develop a14(v)6(e)4(lo-a)-4

Goal	Objectives	Center(s) of Responsibility	Status	Outcomes/Accomplishments	
	I.5.2 Renovate Library classrooms.	Research Services, Library Faculty, Library Administration	In progress	Renovation of Room 202, the former ILL office, was completed in spring 2020. Furniture for Rm. 306 has been ordered, and is due to arrive in summer 2020 when we are allowed back on campus. We are collaborating with IT to purchase 10 Chromebooks and a laptop charging cart for use in Room 306 so that the thin clients can be removed.	
	I.5.3 Plan for the future direction of Research & Scholarly Services and the physical infrastructure needed to ensure the successful long term provision of Research Assistance to the University Community.	Research Services, Library Administration	In progress	The R&I Librarians met a few times to discuss how we envision conducting our work over the long term. Some of the future directions have already been implemented, such as the student triage model and training students to staff the local chat service. These insights informed our meetings regarding 2nd floor renovations, which were shared with the architects. The long term provision of research services is reflected in the floor plan proposals. Decisions were informed by student focus groups, discussions with student government representation, as well as input from the Friends of the Library and the Library Advisory Committee. Some plans were put in motion and others were suspended due to the pandemic. We hope to pick up where we left off once operations begin returning to normal.	
[REDACTED]	I.5.4 Reconfigure seating in the Pro Deo Room in conjunction with the Java City Café remodeling.	Library Administration	Postponed	Java City remodeling scheduled for Dec.2018 was postponed.	
	I.6.1 Develop a protocol for selection of materials that may be stored in nearby facilities from which they would be retrievable within a 24-hour period.

	I.6.3 Explore sending an additional shipment of books to Iron Mountain.	Academic Departments, Library Faculty & Administration, Technical Services	Complete	The Library Advisory Committee supported our recommendation to do this, and a list of 15,500 monographs published in one volume between the years of 1951-1965 which have not circulated since our catalog came online in 2003 has been reviewed by all faculty. 14,603 books were moved offsite in Summer 2019.
